

Greetings from the DON

To all Residents, families and friends of Bowral House

Where does the time go, it is hard to believe we are already in March of 2025.

We have had many improvements throughout the facility in the later part of 2024 and the beginning of 2025 with our renovations. On level 1 this included painting, carpeting, curtains, blinds and furniture. On Ground floor we have also had some improvements with new blinds in the ground floor bedrooms.

Still to be completed we will be seeing the completion of a refresh of the front foyer with its furnishings and the completion of the portico tiled area.

Commencing in mid-late May we will start the work on the dining room serveries.

Tara and Charlotte continue to work closely with the residents and their families for all care planning requirements.

Please reach out to Joanne, Tara or Charlotte if you have any concerns or you would like to arrange a meeting.

Joanne, Tara and Charlotte.
